I learned a lot more at ABS in this summer program than I was expecting. The management and economic classes were very interesting and related to situations that take place in the real world. Everyone was so nice and it was such a good experience.

This summer experience has opened my eyes
to the history in Europe. It has been
extremely interesting seeing everything that
is usually ~~read~~ in the pages of a book.

I never really appreciate school... But this
Summer Session was great! Probably the
best school part and experience in my All
Cursos. People were GREAT, very welcoming.
Lot of work, but lot of good time too!
I'm very happy to finish school with this
experience. If I could do it again, I would do
it again.

Ps: Please next time Allow More Absences !!!
